

4827 31.07.2018 Vending Machines/Food in Restaurants

1. How many vending machines do you have in operation across your Trust?  
Please provide data for each financial year from 2010 to 2018 (Year to Date) inclusive.

**2018:16**

**2017:17**

**2016:17**

**2015:17**

**2014:17**

**2013:17**

**2012:17**

**2011:17**

**2010:17**

2. Please provide any details around the content of the vending machines as of 1 April 2018.

**Our vending machines are operated on behalf of our catering services provider, ISS Facility Services, Healthcare. All vending machines within their purview are now fully CQUIN compatible, i.e. they meet the following requirements**

- **The banning of price promotions on sugary drinks and foods high in fat, sugar or salt (HFSS)**
  - **The banning of advertisements on NHS premises of sugary drinks and foods high in fat, sugar or salt (HFSS)**
  - **The banning of sugary drinks and foods high in fat, sugar or salt (HFSS) from check-outs**
  - **Ensuring that healthy options are available at any point including for staff working night shifts.**
- More recent standards have been applied and adhered to:**

**Drinks:**

- **2011/18: 70% of drinks line stocked must have less than 5g of added sugar per 100ml**
- **2018/19; 60% of drinks line stocked must have less than 5g of added sugar**  
**Per 100 ml**

**Confectionary and sweets:**

- **2017/18: 60% of confectionary and sweets do not exceed 250 kcal**
- **2018/19: 80% of confectionary and sweets do not exceed 250 kcal**  
**Pre-packed sandwiches and other savoury pre-packed meals**

- 2017/18: 60% of pre-packed sandwiches and other savoury pre-packed meals (wraps, salads, pasta salads) available contain 400kcal (1680 kJ) or less per serving and do not exceed 5.0g saturated fat per 100g
  - 2018/19: 75% of pre-packed sandwiches and other savoury pre-packed meals (wraps, salads, pasta salads) available contain 400kcal (1680 kJ) or less per serving and do not exceed 5.0g saturated fat per 100g
3. Please outline whether pieces of fruit are available for purchase within the vending machine.

Where possible fresh fruit is available in the vending machines but this is sometimes not feasible due to the nature of the product. Some fruit does not last well in an environment where the chill temperatures are low enough to sustain pre-prepared foods, whilst other fruit does not enjoy sitting in ambient vendors. ISS try to maintain a balance by offering fruit in other forms, i.e. fruit in juice or dried fruit.

4. Please outline the opening hours of your staff canteens and please detail which staff canteens are open 24/7.
