

## Hello my name is Cheryl Stokes, I am your Ward Manager

We look after patients with various conditions but Hoskyn Ward specialises in Gerontology. We care for both men and women on the ward in 4, 5, or 7 bedded single sex bays with separate bathrooms. Each ward also has some single rooms, allocated on clinical need.

## Hello my name is Judith Lewis, I am your Modern Matron

To improve the patient experience... We are working with our improvement team to enable patients to be discharged before midday where possible. We are encouraging patients to get up and dressed where they are able. To assist with this we ask relatives to bring patients clothes in to wear in hospital. We have also made changes to our environment to make the ward more suitable for patients with dementia.

## Just a few things to remember...

• We are currently following government advice regarding visiting relatives in hospital in relation to COVID-19. Sadly at this time we have STOPPED ALL VISITING following government guidelines to try to reduce the transmission of Coronavirus. For an update on your relative please call the ward/department on one of the below telephone numbers. Thank you for your cooperation.
