What to expect from your breast care specialist nurse

Your breast care nurse specialist is an experienced qualified nurse who has undertaken specialist training in the care of patients with breast cancer. The nurse is usually at your consultations and is available to offer advice, support and information to you and your family or carer.

Holistic needs assessment

The specialist nurse can complete a **holistic needs assessment**. This considers your practical, family, emotional, spiritual, and physical needs.

The holistic needs assessment is a good way of making sure all your needs are met. Tell your key worker if you wish to have this service.

The Trust has access to interpreting and translation services. If you need this Information in another language or format, please contact us on 01788 663 412 and we will do our best to meet your needs.

The Trust operates a smoke-free policy.
