# Going home after the removal of silicone oil

Banda Label

This leaflet aims to give you the information you need whilst recovering after the removal of silicone oil.

### The day of surgery

You may experience some discomfort. Take pain relief, such as paracetamol, ibuprofen (unless any health problems prevent this), or your usual pain relief medication. Please ask for advice if you are not sure.

You will be discharged home with a dressing covering your eye.

### Cleaning the right / left eye

**Only do this once on the morning after surgery**

- Wash your hands.
- Remove the eye dressing. **Keep the plastic eye shield for night time use.**
- Pour the saline solution over the cotton wool balls.

## Patient Information

- Take one cotton wool ball at a time and squeeze to remove the excess solution.
- Wipe the eyelids gently from the bridge of the nose outwards with the eye closed. Discard cotton wool ball after each wipe. **Do not** press on the eye at all.
- Repeat until the eye lids appear clean.
- Wash your hands again.
- Put in the drops as instructed.

## Follow up appointments

Your first appointment will be the **next day**. All subsequent appointments will be arranged from then on.

Please bring your eye drops with you to your appointments. If you have any questions, please make a list and bring it with you.

## Important

**Please see overleaf for information about instilling your eye drops.**

Patient Information

**Eye drops: right eye/left eye**

**You will receive guidance about your eye drops. The chart below will be of help to remind you when to put your drops.**

<b>Medication Name</b>	<b>8 AM</b>	<b>10 AM</b>	<b>12 NOON</b>	<b>2 PM</b>	<b>4 PM</b>	<b>6 PM</b>	<b>8 PM</b>	<b>10 PM</b>

## Patient Information

### Eye shield

Wear the eye shield **every night for 4 weeks**. This is to make sure you do not accidentally rub your eye while you are asleep. Secure it with surgical tape.

### Care of the shield

- Wash the eye shield in running water
- Use soap and rinse thoroughly
- Dry with a tissue

### What you can do

- Arrange for someone to be with you until you feel able to cope on your own.
- Take things easy for a few weeks and then slowly build back up to a normal activity level.
- Watch television and read in moderation, or as much as comfortable.
- Wear sunglasses outside if it is windy or if it is very bright and sunny.

### What you should avoid

- Rubbing your eye.
- Any vigorous activity or activities that cause strain, including sports.
- Driving, until you can read the new style car number plate at 20 metres with both eyes open and you are confident about your driving ability.
- Do not wear eye makeup for 3 weeks.
- Splashing water into eye. Shower from the neck down and wash your face with a clean flannel or cloth. Back-wash your hair for the first week to avoid getting water, shampoo, or soap in the eye.
- Getting soap or shampoo in the eye.
- Avoid dusty or smoky environments.

### Travelling abroad

It is advisable to discuss any travel plans with the surgeon.

## Patient Information

### Contact the hospital if

- Your eye becomes more painful or more red than on the day you went home.
- Your eye develops a sticky discharge.
- Your vision begins to worsen, or you cannot stand the light.
- You begin to feel nauseous (sick).
- You experience more floaters and flashing lights.

# Emergency eye appointments: New booking system

If you have an urgent eye problem, you can now book an on-the-day telephone consultation via the Eye Emergency Referral Service (EERS).

Scan the QR code or visit [www.uhcw.nhs.uk](http://www.uhcw.nhs.uk) and search Eye Emergency Referral Service. You can book a telephone consultation via this link.

You will be spoken to by an expert clinician who will give you specialist advice on the next steps to take.

Please provide a phone number which you can be contacted on for the consultation. Please also be aware that you will be phoned as close to the allotted time as possible, although at busy times unfortunately there may be a delay.

**In the event that you feel you cannot wait to speak to someone or do not have online access then you may call 024 7696 4800.**

**This phone line is open 9am - 1pm; 1.30pm - 5pm (Monday - Friday, excluding bank holidays) and 9am - 12pm (Saturday).**

Please only attend the Eye Outpatient department if you have had a telephone consultation in advance and have been advised to attend.

In the event of an eye emergency out of hours, please attend the Minor Injuries Unit/Emergency Department.
