

Endoscopy / General Surgery

Following Your Endoscopy

Introduction

Today you have had an endoscopy and have been informed that there is an area of concern in the upper part of your digestive tract.

The diagram below indicates where this area is:

Tissue samples (biopsies) **have / have not** been taken today and will be reviewed in the Upper GI Multi-Disciplinary Team meeting (MDT).

A CT scan of your chest, abdomen and pelvis **will / will not** be arranged for you if necessary.

Your Results

Your test results will be discussed the following week by our specialist team at our MDT meeting.

Patient Information

An out-patient appointment will be arranged for you following the review of your biopsy /CT scan, if appropriate. You will be informed of your test results at this appointment and you will have an opportunity to discuss a management / treatment plan. A relative or friend can accompany you to this appointment.

Further Information

If you have any queries in the meantime, you can contact specialist nurses: Gail Goddard or Vikki Nunn on 024 7696 6475.

The Trust has access to interpreting and translation services. If you need this information in another language or format please contact 024 7696 6475 and we will do our best to meet your needs.

The Trust operates a smoke free policy
