Through simple companionship, and with the support of the hospital Chaplains, these volunteers can bring immense comfort and ease loneliness in one of the most challenging seasons in life. In the time of COVID-19 we're now trying to move parts of our support online or over the phone, and we are especially looking for volunteers who would feel comfortable working in this way with us.

### **Support for the Dying Companion**

Companions give comfort and support to dying patients, their family or carer(s) at their time of need by listening to their needs and befriending them. Full training is provided for this role.

### **Chaplaincy Lay Visitor**

The work of a Lay Visitor is to complement the work of the Chaplaincy Team and all other hospital staff, never to replace it. The main purpose is to help with the pastoral, spiritual and religious support of patients, families or carers and staff.

Lay Visitors enjoy spending time with people on a one-to-one basis but always remembering that they are on the ward as a guest. Volunteers should be able to provide a reference from their own faith group.
