

Hello my name is Joy Radtschenko, I am your Ward Manager

Ward 2 Acute Medical Unit looks after patients with a variety of medical conditions. It is a short stay medical ward where patients may be moved to another speciality ward or discharged. We care for men and women in single sex bays. The ward also has side rooms which are allocated on clinical need.

Hello my name is Matthew Burden, I am your Modern Matron

To improve the patient experience... Aiming to ensure that patients are treated on the most appropriate ward if needing further inpatient care.

On discharge we aim to make the process easier and avoid less time waiting for required medication on discharge

The team are continuing work to improve waiting times for investigations required for discharge.

Just a few things to remember...

• We are currently following government advice regarding visiting relatives in hospital in relation to COVID-19. Sadly at this time we have STOPPED ALL VISITING following government guidelines to try to reduce the transmission of Coronavirus. For an update on your relative please call the ward/department on one of the below telephone numbers. Thank you for your cooperation.
