

Hello my name is Maxine Morris, I am your Ward Manager

Ward 25 cares for mothers and their newborn babies. The ward works closely with the Transitional Care Unit and the Special Care Baby Unit where babies may be cared for after birth. Mothers and babies are cared for in 4 bedded bays each with its own bathroom. We have siderooms available allocated on clinical need each with ensuite facilities.

Hello my name is Sharon Gouldingay, I am your Modern Matron

To improve the patient experience... We actively encourage feedback and are using iPads for patients to give their feedback. We also continue to use the paper copies of the FFT too. The feedback is always reviewed and changes are made accordingly. Maternity have a Patient Experience midwife who is working hard in all areas to improve the patient experience.

Just a few things to remember...

• We are currently following government advice regarding visiting relatives in hospital in relation to COVID-19. Sadly at this time we have STOPPED ALL VISITING following government guidelines to try to reduce the transmission of Coronavirus. For an update on your relative please call the ward/department on one of the below telephone numbers. Thank you for your cooperation.
