

## Hello my name is Barbara Preedy, I am your Ward Manager

Ward 30 looks after patients with various medical conditions but specialises in Respiratory care. We care for men and women in single sex bays. Each bay has its own bathroom. The ward also has single occupancy rooms, each with ensuite facilities, which are allocated on clinical need.

## Hello my name is Talitha Carding, I am your Modern Matron

To improve the patient experience... we are working hard on our wards to transfer our patients back into the community as quickly but as safely as possible, this will help prevent further complication from being in an acute environment and also deconditioning which may result in them not being able to return to their original environment without additional support and or care. We are working hard with our community colleagues to support our patients.

## Just a few things to remember...

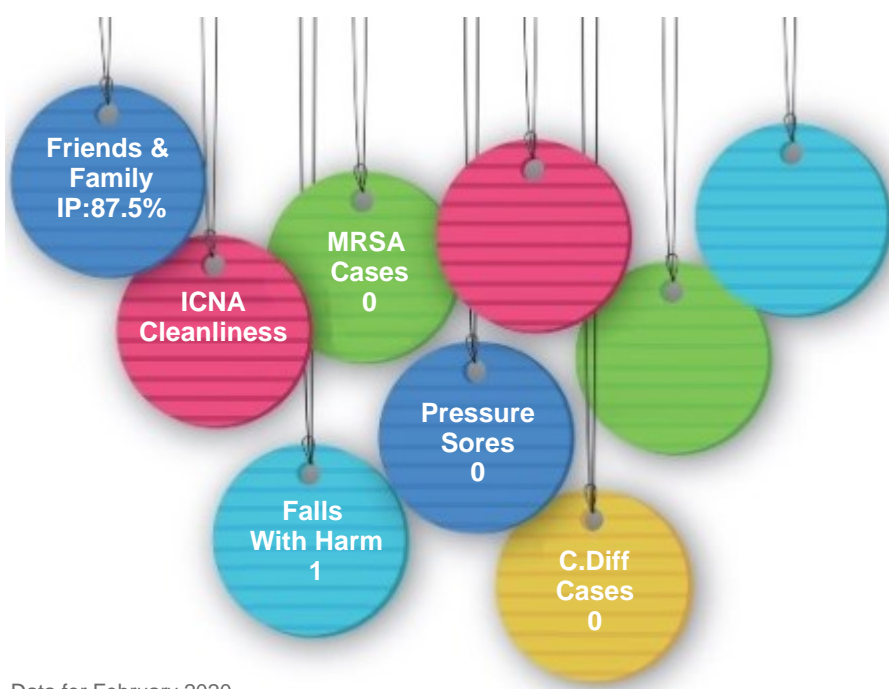

• We are currently following government advice regarding visiting relatives in hospital in relation to COVID-19. Sadly at this time we have STOPPED ALL VISITING following government guidelines to try to reduce the transmission of Coronavirus. For an update on your relative please call the ward/department on one of the below telephone numbers. Thank you for your cooperation.

Telephone Number(s):

- 02476 967680
- 02476 967675
- 02476 967681

**Thank You - The Nursing Team**
